Product Overview

High-Efficiency Modular Conveyor Belt

This flat top modular plastic conveyor belt is engineered for demanding industrial applications, particularly within the food and beverage sectors. Its modular design facilitates rapid assembly, easy cleaning, and maintenance-free operation, significantly reducing downtime. Built to withstand extreme temperatures and heavy loads, this belt offers a reliable, hygienic solution that enhances production line efficiency.

Technical Specifications

| | |
|-----------------------|-------------------------|
| Pitch | 25.4 mm |
| Thickness | 8.6 mm |
| Minimum Width | 85 mm |
| Open Area | 0% |
| Rod Diameter | 4.5 mm |
| Maximum Load Capacity | 1.2 tons/m ² |
| Working Temperature | -40°C to 260°C |

Configuration & Materials

Sprocket Dimensions

- 12T-2R
- 18T-2R
- 20T-2R

| | |
|------------------|---------------------------------------|
| Material Options | PP, POM, PE, PA |
| Available Colors | White, Blue, Gray, Nature, Dark-brown |

Features & Compliance

Certifications

FDA • EU Approved

Design Features

- Flight: No
- Side Guard: No
- Curve: No

Applications

Industries Served

| Sector | Specific Applications |
|-------------------|--|
| Food Industry | Meat, Poultry, Sea Food, Bakery, Snack Food, Fruit & Vegetables |
| Non-food Industry | Automotive, Tire, Packaging, Printing/Paper, Postal, Corrugated, Can, PET, Textile |
