

Flexible LED Rope Light

This flexible LED rope light features a variety of colors, including blue, green, and red. It is encased in a clear, durable PVC tubing for protection and weather resistance, making it suitable for both indoor and outdoor decorative lighting.

Product Overview

Versatile LED Rope Lighting

This flexible LED rope light is designed for both indoor and outdoor decorative applications, providing vibrant and consistent illumination. Encased in durable, clear PVC tubing, it offers robust weather resistance while maintaining a flexible form factor for easy installation. Ideal for architectural outlines, accent lighting, and festive displays, this product combines energy efficiency with a long service life.
