

Floor Stand AC EV Charger with Advertising Screen

This floor-standing AC EV charger is equipped with a 55-inch advertising screen. It supports charging capacities of 7kW, 22kW, and 43kW and is designed for outdoor use.

Product Overview

Commercial EV Charging with Integrated Advertising

This floor-standing commercial AC EV charger combines high-performance vehicle charging with a high-impact 55-inch advertising display. Designed for versatility, it supports single or double gun configurations with power outputs ranging from 7kW to 43kW, making it ideal for public parking, retail centers, and commercial hubs. The unit features robust protection systems, smart OCPP connectivity, and a modular design to adapt to various international charging standards.

Power & Performance

Key Performance Metrics

43 kW Max Power Output	55 in Advertising Screen	32 A Max Current (3-Phase)
----------------------------------	------------------------------------	--------------------------------------

Charging Configurations

Standard	Phase	Power Output	Current
Type 2	Single Phase	7kW	32A
Type 2	Three Phase	22kW	32A
Type 2	Three Phase	43kW	64A
Type 1	Single Phase	9kW	40A

Connectivity & Intelligence

Smart Management Features

- Cloud-based management platform
- Protocol self-recognition for brand-agnostic charging
- Automatic turn-based charging for multiple vehicles
- Real-time status LED indicators
- APP integration support

Communication Protocols

OCPP 1.6J, OCPP 2.0, Ethernet, WIFI, 4G, CAN, RS485, RS232

Safety & Protection

Safety Systems

Overvoltage • Undervoltage • Overload • Leakage Protection • Overcurrent • Short-circuit • Insulation Detection • Emergency Stop

Hardware Durability

- Metal closed shell for fire prevention
- Isolated heat dissipation air ducts
- Dust-free control circuit design
- High temperature adaptability

Customization & Service

Available Customizations

- Customized cable length
- Box color and logo branding
- Display interface customization
- European, American, or Japanese standard guns

Warranty

Two years warranty for all parts with one-to-one technical engineer support.
