Product Overview

High-Efficiency Climate Control

This floor-standing air conditioner is designed for high-efficiency cooling and heating, making it an ideal solution for larger rooms and open-plan areas. It features advanced air purification with multi-layer filtration to remove dust, allergens, and odors, ensuring improved air quality. With a sleek, modern tower design, it integrates seamlessly into professional or residential interiors while providing powerful, quiet operation.

Performance Features

Air Quality Technology

- Mixed air supply
- Fresh air prevention
- Multi-layer filtration
- Dust and allergen removal

Operational Modes	Auto, Cool, Dry, Fan, Heating
Advanced Sensing	Yes
Sensing Capability	Infrared human sensing

Control and Convenience

Control Interfaces

User-friendly control panel • Remote control • Independent air duct switch

Convenience Functions

- Timer function
- Sleep mode
- Child lock
- Oscillating airflow
