

Floor Standing Air Conditioner Unit

This floor-standing air conditioning unit is designed for cooling indoor spaces. It is suitable for household or commercial use, providing efficient cooling and air circulation.

Product Overview

High-Efficiency Floor Standing Air Conditioner

This centrifugal floor-standing air conditioner is designed for optimal indoor climate control, combining powerful cooling with advanced air purification features. Its sleek, fashionable design makes it suitable for both professional and residential settings. With features like an imported wet curtain for enhanced evaporation and a quiet, antibacterial vortex system, it ensures a comfortable and fresh environment.

Key Features

Air Purification

- Photocatalyst vortex winnowing
- Antibacterial treatment
- Anion dust removal

Cooling Technology

Centrifugal Airflow, Evaporative Cooling, Imported Wet Curtain

Design & Usability

Interface

Backlit LED Display • Full-featured Control

Maintenance

- Removable curtain structure
- Easy to clean

Operational Efficiency

Energy Saving

Yes

Timer Switch

Yes

Mobility & Installation

Mobility

Equipped with brake casters for easy movement
