

Floor-Standing Home Theater Loudspeaker System

This floor-standing loudspeaker system features a ribbon tweeter, a 6 1/2" mid-bass driver, and a 10" woofer. It has a frequency response of 28Hz – 40 kHz and a power handling of 25W – 250W.

Product Overview

High-Fidelity Audio Performance

This floor-standing loudspeaker system is engineered for exceptional audio reproduction in both home theater and stereo environments. Featuring a sophisticated two-way driver configuration, the system delivers clear, precise highs and resonant bass response. The sleek cabinet design combines aesthetic elegance with robust acoustic integrity to ensure minimal distortion.
