Overview

Immersive Home Audio Experience

The EM-2096FT floor-standing speaker is engineered to deliver a powerful 100W audio output for a complete home theater experience. Featuring a robust multi-driver configuration including dedicated woofers, mid-range drivers, and tweeters, it ensures accurate sound reproduction across the frequency spectrum. Its elegant design, combining a high-gloss finish with wood-grain accents, makes it a sophisticated addition to any modern entertainment setup.
