

# Floral Engraved Glass Dish with Metal Base

This precision-engineered glass dish features intricate floral engravings and a robust metal construction. The dish has a central circular depression with a smooth, polished interior, surrounded by decorative concentric rings.

## Product Overview

### Elegant Floral Glass Dish

This precision-engineered glass dish combines aesthetic beauty with robust construction. Featuring intricate floral engravings and a sophisticated metal base, it is designed for both decorative appeal and functional stability. The polished interior and detailed concentric patterns make it an ideal choice for professional buyers seeking high-quality decorative items.
