

Flush Mount Ceiling Speaker

This ceiling speaker is designed for seamless integration into ceilings, providing high-quality audio. It features easy installation and a durable construction for long-lasting performance.

Product Overview

High-Quality Flush Mount Audio

This 5-inch flush mount ceiling speaker is engineered for clear and even sound distribution in both commercial and residential environments. It features a dual-driver design for balanced audio performance and is housed in a durable white finish that blends seamlessly into any ceiling. The inclusion of spring-loaded clamps and a robust terminal block ensures a secure and straightforward installation process.
