

FM Radio Pedometer Combination

This compact FM radio and pedometer combination is designed for active individuals. It features a built-in FM radio receiver with digital tuning, allowing users to listen to their favorite stations while exercising.

Product Overview

Compact Fitness & Entertainment Companion

This versatile device combines an FM auto-scan radio with a functional pedometer, making it an ideal companion for sports, travel, and promotional giveaways. Designed for active individuals, it features a clear LCD display for tracking steps and listening to radio stations on the go. Its compact and lightweight design ensures portability, while the included carabiner clip allows for easy attachment to clothing or gear.
