

Fog Lamp Cover with Hole for D-MAX

This fog lamp cover is designed for D-MAX vehicles and features a fog lamp hole. Constructed from durable materials, the cover provides a sleek, custom look and seamless integration with the vehicle's front end.

Product Overview

D-MAX Fog Lamp Cover

This fog lamp cover is specifically engineered for D-MAX vehicles, featuring a dedicated hole for low-level fog lamp integration. Constructed from durable materials, it is designed to follow the vehicle's contours for a seamless, factory-style fit. This component not only protects the underlying fog lamp assembly but also provides a sleek, cost-effective way to enhance the front-end aesthetics of the vehicle.
