

Fog Lamp Cover without Hole for Vehicle

This fog lamp cover is designed for vehicles without fog lamps. It provides a clean, finished look to the vehicle's front end and protects the fog lamp area.

Product Overview

Vehicle Fog Lamp Cover

This fog lamp cover is specifically designed for D-MAX vehicles, offering a seamless fit for models without fog lamp installations. It provides a clean, finished appearance to the front bumper while protecting the area from road debris and weather elements. Constructed from durable materials, this cover ensures long-lasting performance and maintains the vehicle's original aesthetic.
