

Foldable Aluminum Garden Cart

This garden cart is constructed from lightweight yet sturdy aluminum, offering excellent corrosion resistance and the ability to withstand heavy loads. Its foldable design allows for easy storage and transportation.

Overview

Versatile Aluminum Garden Cart

This foldable garden cart features a unique, creative design suitable for family, garden, and outdoor applications. Constructed with an oxidation-treated aluminum alloy, it offers superior rust-proof durability and lightweight handling. The cart is designed for flexibility, allowing for the removal of front and back shields to accommodate longer cargo, while the lockable castors ensure stability during use.

Material & Construction

Material	Aluminum Alloy
Surface Treatment	Positive pole oxidation
Durability Features	Rust-proof, Corrosion resistant, Heavy-duty

Design & Functionality

Key Features

- Removable front and back shields
- Lockable castors
- Compact storage design

Certification

National Patent

Foldable	Yes
Recommended Use	Gardening, Landscaping, General Hauling, Outdoor
