

Foldable Aluminum Work Platform with Safety Railing

This foldable work platform is made of lightweight yet durable aluminum. It features a safety railing and tool tray for secure and convenient operation at elevated heights.

Product Overview

Versatile and Secure Elevated Access

This foldable aluminum work platform provides a lightweight yet durable solution for various indoor and outdoor tasks, including vehicle cleaning, painting, and general maintenance. Designed for safety and efficiency, it features an integrated railing and a convenient tool tray to keep equipment organized during operation. When not in use, the platform folds down to a compact size for easy storage and transport.

Design and Construction

Material	Lightweight Aluminum
Surface Design	Ribbed for enhanced grip and stability

Key Features

Safety and Utility

- Integrated safety railing
- Dedicated tool tray

Primary Uses	Vehicle Cleaning, Painting, Interior Fitment, General Maintenance
Storage	Yes
