Product Overview

Eco-Friendly Portable Charging

This portable solar charger provides a reliable, eco-friendly energy solution by converting direct sunlight into usable power without requiring an internal battery. Designed with a convenient foldable form factor, it is optimized for outdoor activities such as travel, camping, and riding. The charger is built using durable 600D polyester and ABS materials, ensuring it withstands the demands of frequent mobile use.

Technical Specifications

Performance Metrics

7 W

Solar Panel Power

5 V

Output Voltage

1.2 A

Output Current

Dimensions

State	Measurement (cm)
Open Size	24.5 x 49
Folding Size	24.5 x 14.5

Construction Materials

600D Polyester, ABS

Compatibility & Features

Compatible Devices

- Mobile Phones
- Digital Cameras
- Hand-held Gaming Consoles
- Mobile Power Banks
- Bluetooth Speakers
