

Foldable Reflective Warning Triangle

This is a foldable reflective warning triangle designed for roadside emergencies. It features a stable tripod base and high-visibility red reflectors.

Product Overview

Roadside Emergency Safety

This foldable reflective warning triangle is designed for critical visibility during roadside emergencies, breakdowns, or accidents. Featuring a robust tripod base for stability, it ensures the device remains upright in varying road conditions. Its compact, foldable design allows for efficient storage in vehicle trunks, making it an essential safety component for professional and personal fleets.
