Overview

Smart Urban Mobility

This foldable smart electric bike combines aesthetic appeal with robust performance for modern urban commuting. Engineered with a powerful 250W motor and an intelligent battery management system, it offers a seamless riding experience with customizable speed settings via a dedicated app. Its lightweight aluminum alloy frame and one-step folding mechanism ensure effortless portability and storage, making it an ideal solution for city navigation.

Performance & Power

Endurance Range

40 KM

Pure Electric

50 KM

Assisted Riding

Motor Power	250 W
Maximum Speed	25 KM/H
Hill Grade	15 degrees

Battery & Charging

Battery Options	6AH, 10AH
Battery Technology	Lithium Battery with Intelligent BMS

Physical Specifications

Weight

Type	Weight
Net Weight	18
Gross Weight	22

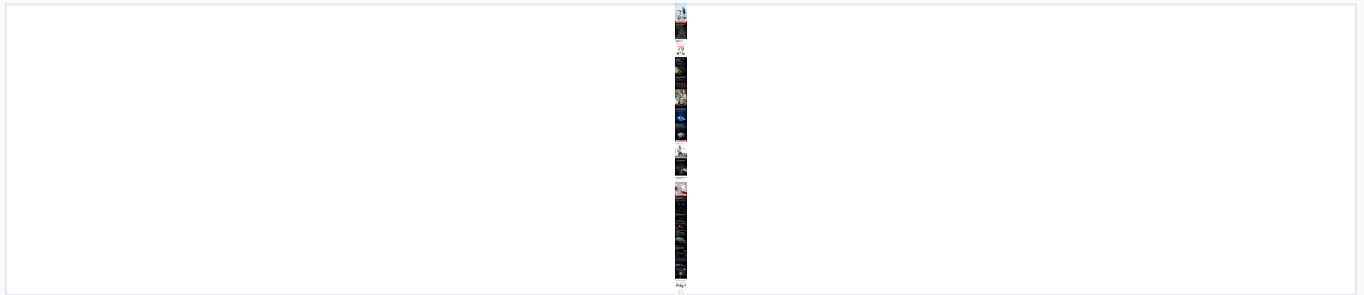

Dimensions

- Released: 113.5 x 50 x 102 cm
- Folded: 113.5 x 22 x 70 cm

Maximum Load

120 KG

Features

Advanced features including smart battery management system and lightweight folding design.

Core Features

Foldable • App Connectivity • Automatic Cruise • Front/Rear Disc Brakes • Adjustable Seat
