

Foldable Solar Panel Charger

This series of folding solar panels provides a reliable solar solution for various applications, including RVs, caravans, yachts, and other marine environments. These panels are designed for high quality, high efficiency, convenience, and waterproof performance.

Product Overview

Versatile Folding Solar Solutions

This series of high-efficiency foldable solar panels is engineered to provide reliable power for mobile applications including RVs, caravans, and yachts. Featuring a durable and waterproof design, these units offer a convenient energy solution for marine and outdoor environments. The series is available in various power capacities to suit specific energy requirements, ensuring high-quality performance in diverse conditions.

Key Features

Included Accessories

- Alligator clips
- Andersen plugs
- Waterproof controller

Product Highlights

Foldable Design, High Efficiency, Waterproof, Portable, RV Compatible, Marine Grade

Technical Specifications

Power Performance Summary

200 W

Max Power

18.3 V

Max Voltage (Vmp)

11.9 A

Short Circuit Current (Isc)

Detailed Technical Data

Model	Max Power (W)	Vmp (V)	Imp (A)	Voc (V)	Isc (A)
SY-60W	60	18.1	3.33	22.2	3.6
SY-100W	100	18.1	5.54	22.2	6
SY-120W	120	18.1	6.64	22.2	7.2
SY-150W	150	18.1	8.3	22.2	9
SY-200W	200	18.3	10.94	22.4	11.9
