

Foldable Stereo Headphones with Microphone

These headphones are designed for clear audio reproduction. They feature a closed-back design for noise isolation and comfortable earcups for extended use.

Product Overview

Versatile Stereo Audio Solution

These foldable stereo headphones are engineered for clear audio reproduction and reliable performance. Featuring a closed-back design, they provide effective noise isolation while the adjustable headband and comfortable earcups ensure a secure, ergonomic fit for extended professional use. With a built-in microphone and standard 3.5mm connectivity, they are a versatile choice for communication and media consumption across a wide range of devices.
