

# Folding Bicycle for Urban Commuting

This folding bicycle is compact and versatile, designed for urban commuting and easy storage. Its lightweight frame features a folding mechanism for convenient transport on public transit or in car trunks.

## Product Overview

### Compact Urban Mobility

The SFF20035 20-inch folding bicycle is designed for efficient urban commuting and space-saving convenience. Featuring a lightweight alloy frame and a quick-folding mechanism, it transitions seamlessly from the road to public transit or compact storage spaces. Its versatile 21-speed drivetrain and responsive braking system ensure a smooth, controlled riding experience for daily commuters.
