

Folding Bicycle with 16-Inch Wheels

This compact folding bicycle is designed for urban commuting and easy storage. It features a lightweight frame, responsive brakes, a comfortable saddle, and 16-inch wheels for a balance of speed and maneuverability.

Product Overview

Compact Urban Mobility

The Transformer 16 is a folding bicycle engineered for the demands of urban commuting and storage-constrained living. Its lightweight frame and 16-inch wheel size strike an optimal balance between agility, speed, and maneuverability. Equipped with responsive brakes and protective mudguards, this bike is built for reliable performance across diverse city environments.
