

Folding Bicycle with Adjustable Seat and Rear Rack

This compact folding bicycle features a lightweight frame. It includes adjustable seat and handlebars, front and rear fenders, and a rear rack for carrying essentials.

Product Overview

Compact Urban Mobility

This versatile folding bicycle is engineered for convenience and efficiency, making it an ideal solution for urban commuting and storage-constrained environments. It features a lightweight frame paired with adjustable seating and handlebars to accommodate a wide range of rider heights comfortably. Complete with a rear rack for cargo and all-weather fenders, this bike balances portability with practical utility for daily use.
