

# Folding Bicycle with Step-Through Frame

This folding bicycle features a step-through frame, suitable for urban commuting and recreational riding. It is equipped with front and rear fenders, a rear rack, and an adjustable handlebar stem.

## Product Overview

### Urban Mobility Solution

The Bicycle F 10 is a versatile folding bicycle engineered for efficient urban commuting and recreational riding. Featuring a convenient step-through frame design, it offers ease of mounting and dismounting for riders of all levels. Its robust construction ensures long-term durability, while the integrated folding mechanism allows for seamless storage and transportation in compact spaces.
