Product Overview

Versatile Folding Scraper

This folding blade scraper is an essential tool for surface preparation, designed to efficiently remove stickers, decals, paint, and stubborn adhesives. It features an extended-reach design to access hard-to-get spots, while the unique three-position folding mechanism allows for scraping at 90° and 60° angles to the left or right. Ideal for professional and DIY use on surfaces like glass, tile, and metal.

Design & Ergonomics

Safety Features

Folding design • Blade protection cap

Working Angles

90°, 60° Left, 60° Right

Handle Material

Durable plastic
