

Folding Commuter Bicycle with 16-Inch Wheels

This compact folding bicycle is designed for easy storage and portability. It features a lightweight frame, single-speed drivetrain, 16-inch wheels, caliper brakes and a rear rack.

Overview

Compact Urban Mobility

This folding commuter bicycle is engineered for maximum portability and convenience in urban environments. Featuring a lightweight frame with a quick-collapse mechanism, it is ideal for seamless integration with public transit or compact storage in office and home spaces. Equipped with 16-inch wheels and a reliable single-speed drivetrain, it offers a straightforward and efficient solution for short-distance daily commuting.
