

Folding Commuter Bicycle with Suspension

This compact folding bicycle is ideal for urban commuting and recreational riding. It is equipped with a bell on the handlebars and a folding mechanism for easy storage and transport.

Product Overview

Compact Urban Mobility

This versatile folding commuter bicycle is engineered for seamless urban travel and efficient storage. Featuring a robust frame design, it includes integrated front and rear fenders for all-weather protection and a dedicated suspension system beneath the seat to ensure rider comfort on uneven city streets. Its compact folding mechanism makes it an ideal solution for commuters needing to combine cycling with public transport or limited storage spaces.
