

# Folding Plastic Shopping Cart with Telescoping Handle

This portable folding shopping cart is made from durable plastic and features a telescoping handle. It folds flat for compact storage and is equipped with wheels for smooth transport.

## Product Overview

### Compact & Durable Utility Solution

This folding plastic shopping cart is designed for efficient transport of groceries, laundry, and household items. Featuring a robust, durable plastic construction and a two-section telescopic aluminum handle, it offers both strength and ease of maneuverability. The unit folds completely flat for space-saving storage, making it an ideal choice for urban living or quick shopping trips.
