

Folding Pruning Saw with Curved Blade

This folding pruning saw is designed for efficient cutting of branches and limbs. The curved blade is made of high-carbon steel for durability and sharpness.

Product Overview

Professional Folding Pruning Saw

This folding pruning saw is engineered for efficient cutting of branches and limbs, making it an essential tool for gardening, landscaping, and tree maintenance. It features a sharp, curved high-carbon steel blade that ensures durability and precision. The folding mechanism allows for safe, compact storage and easy portability, while the ergonomic, rubber-overmolded handle provides a secure grip for extended professional use.

Technical Specifications
