

Folding Pruning Saw with Curved Blade

This folding pruning saw features a curved blade for efficient branch and limb cutting. Its high-carbon steel blade provides durability, and the ergonomic handle ensures a secure grip with safe storage.

Product Overview

Professional Folding Pruning Saw

This folding pruning saw is engineered with a high-carbon steel curved blade, specifically designed for efficient cutting of branches and limbs. Its ergonomic handle provides a comfortable and secure grip, making it a reliable tool for intensive landscaping and gardening work. The space-saving folding design ensures safe storage and easy portability for professional mobility.

Technical Specifications

Blade Material	High-carbon steel
Blade Shape	Curved

Features

Key Features

- Folding mechanism for safety
- Ergonomic handle grip
- High-carbon steel blade for durability
- Curved blade geometry for efficient cutting

Application

Primary Uses	Gardening, Landscaping, Branch Pruning, Professional Forestry
