

Folding Pruning Saw with Curved Blade

This folding pruning saw has a curved blade that is designed for efficiently cutting branches and limbs. The blade is made from high-carbon steel for enhanced durability and sharpness, providing clean and precise cuts.

Product Overview

Professional Folding Pruning Saw

This high-performance folding pruning saw features a precision-curved blade engineered for efficient cutting of branches and limbs. Constructed from high-carbon steel, the blade offers exceptional durability and sharpness for clean, professional cuts. The ergonomic handle design prioritizes user comfort, minimizing hand fatigue during prolonged landscaping or gardening tasks.

Technical Specifications

Blade Material	High-carbon steel
Blade Style	Curved
Safety Mechanisms	Folding Design, Blade Locking Mechanism

Usage & Benefits

Target Applications

- Professional Landscaping
- Gardening
- Outdoor Maintenance

Handle Design	Ergonomic grip for reduced fatigue
