

Folding Pruning Saw with High-Carbon Steel Blade

This folding pruning saw features a high-carbon steel blade with precision-ground teeth for efficient cutting. The blade folds into the handle for safe storage and transport.

Product Overview

Professional Folding Pruning Saw

This folding pruning saw is engineered for professional yard work and landscaping tasks. Featuring a precision-ground, high-carbon steel blade, it ensures efficient and clean cuts on branches and small limbs. The ergonomic handle design minimizes operator fatigue during extended use, while the convenient folding mechanism allows for safe storage and portability.

Technical Specifications

Included Accessories

- Durable carrying sheath

Blade Material	High-Carbon Steel
Blade Features	Precision-ground teeth, Folding
Handle Design	Ergonomic, anti-fatigue

Application

Recommended Applications

Branch Pruning • Limbing • Yard Maintenance
