

Food Vacuum Sealer Machine

This vacuum sealer is widely applicable to various types of products, including dry, wet, soft, powder and liquid items. It utilizes a copper sheet for heating to ensure a perfect seal and prevent air leakage.

Description:

- outside pumping function
- quick heat dissipation
- secure sealing
- adjustable sealing
- safety protection
- strong power
- dry-wet double use
- mute design
- fifth upgraded vacuum chamber
- soft vacuum

Product Overview

Professional Food Preservation

This versatile vacuum sealer is designed for a wide range of applications, handling dry, wet, soft, powder, and liquid products with ease. Featuring a powerful gear motor and a 5mm copper heating element, it ensures an airtight, durable seal for various packaging types, including bags and jars. The integrated filter cup system effectively manages residues and moisture, making it an ideal solution for maintaining food freshness and hygiene.

Performance & Features

Compatible Materials	Dry, Wet, Soft, Powder, Liquid
Sealing Width	5 mm
Multipurpose Usage	Yes
Bag Compatibility	Universal (No special bags required)

Technical Specifications

Voltage	110V/60Hz, 220V/50Hz
Sealing Power	220 W
Vacuum Pressure	80 kPa
Net Weight	2 kg
Dimensions (L x W x H)	390 x 148 x 72 mm

Operational Settings

Operational Timing

6 Sec

Min Vacuum & Seal Time

12 Sec

Max Vacuum & Seal Time

1.5 Sec

Min Sealing Time

15 Sec
