

Foot Operated Air Pump for Bicycles

This foot-operated air pump is designed for inflating tires and other inflatable items. It features a sturdy metal frame and a non-slip foot pedal for efficient pumping.

Product Overview

High-Efficiency Foot Pump

This foot-operated air pump is engineered for reliability and ease of use, making it an essential tool for maintaining optimal tire pressure. Featuring a sturdy metal frame and a non-slip pedal, it ensures efficient and stable pumping performance. Its compact, portable design makes it perfect for on-the-go maintenance of bicycles, motorcycles, cars, and various sports equipment.

Technical Specifications

Valve Compatibility	Schrader, Presta
Mechanism	Foot-operated
Frame Material	Metal

Features

Key Features

- Non-slip foot pedal
- Flexible air hose
- Compact design
- Universal valve adapter

Applications

Suitable For

Bicycles • Motorcycles • Cars • Sports Equipment
