

Foot Operated Air Pump for Inflatables

This foot-operated air pump efficiently inflates tires, sports equipment, and inflatable items. It features a durable metal frame, a non-slip foot pedal, and an integrated pressure gauge.

Product Overview

Professional Grade Foot Pump

This foot-operated air pump provides a portable and efficient solution for diverse inflation needs, ranging from tires to sports equipment. Engineered with a durable metal frame and a non-slip pedal, it ensures stability and ease of use during operation. The inclusion of an integrated pressure gauge allows for precise inflation control, making it suitable for both high-volume and high-pressure applications.

Design & Build

Frame Material	Durable Metal
Design Features	Compact, Foldable, Non-slip pedal

Performance

Suitable Applications

- Tires
- Sports equipment
- Inflatable items

Inflation Capabilities

High-volume • High-pressure

Pressure Control	Yes
