Product Overview

Industrial Strength Locking Mechanism

This forged alloy steel tight lock lever is engineered for rigorous heavy-duty lifting and secure load handling applications. Featuring a robust construction with integrated hooks, it provides reliable performance and precise control in industrial and construction environments. Each unit is built for long-lasting durability and enhanced operational safety.

Performance Data

Technical Specifications

Size (inch)	W.L.L (Lbs)	M.B.S (Lbs)	Weight (Lbs)
LT-250	250	880	1.43
LT-375	375	1300	1.4
1/4-5/16	2600	9200	3.52
5/16-3/8	5400	19000	8.37
3/8-1/2	9200	33000	12.2
1/2-5/8	13000	46000	19.7
