Product Overview

Industrial Forklift Rim

This industrial forklift rim is engineered for robust performance and durability in demanding material handling environments. Constructed from heavy-duty steel with a protective coating, it is designed to resist corrosion and wear, ensuring a long service life. The multi-hole design facilitates secure mounting and provides enhanced load distribution for safety and reliability.

Technical Specifications

Color

Orange

Material

Heavy-duty steel

Surface Coating

Corrosion-resistant protective coating

Mounting Design

Multi-hole bolt pattern

Suitability

Industrial Forklifts, Material Handling Equipment, Heavy-duty Applications
