Product Overview

High-Efficiency 4-Burner Gas Hob

This professional-grade stainless steel gas cooktop features four Sabaf burners engineered for powerful blue flame performance and high thermal efficiency. Designed for modern B2B sourcing, it combines a durable, easy-to-clean surface with advanced safety features like optional flame failure protection. The unit offers versatile installation options with support for both AC and DC ignition systems, ensuring reliable operation in various kitchen environments.

Core Specifications

The 4-burner configuration features Sabaf technology and robust cast iron supports for maximum stability.

Burner Configuration

4 qty Total Burners	100 % Blue Flame Efficiency
-------------------------------	---------------------------------------

Panel Material	Stainless Steel
Pan Support	Cast iron pan support

Technical Features

Ignition System

- Automatic Piezo ignition
- A.C (110-220V) compatible
- D.C 1.5V compatible

Safety & Compliance

Flame Failure Device Available • Sabaf Technology • High Efficiency

Performance Benefits

Efficiency Highlights

Low gas consumption, Time saving, Blue flame technology, Easy to clean

Installation & Build

Build Details

Component	Specification
Burner Type	Sabaf Blue Flame
Installation	Built-in
Control	Front-mounted ergonomic knobs
Gas Compatibility	Natural Gas / LPG conversion
