

Four-Burner Stainless Steel Gas Hob

This gas hob features four burners, including a triple flame, rapid, semi-rapid, and auxiliary burner. It is designed for built-in installation in modern kitchens.

Overview

Professional Cooking Performance

This four-burner stainless steel gas hob offers a versatile and efficient cooking solution for modern kitchens. Featuring a robust stainless steel worktop and durable enamelled pan stands, it combines aesthetic appeal with long-lasting reliability. With integrated safety features like flame failure protection and convenient underknob auto-ignition, this unit is designed to deliver both performance and peace of mind for professional culinary environments.
