

Four-Lamp Bathroom Heater with Integrated Lighting

This bathroom heater features a four-lamp configuration for efficient and even heat distribution. It is designed for ceiling installation and provides both heating and lighting functionality.

Product Overview

Integrated Bathroom Climate Control

This versatile bathroom heater provides a complete solution for comfort, combining efficient heating, bright lighting, and ventilation in a single ceiling-mounted unit. Featuring four powerful heating lamps, it is engineered to warm bathrooms between 10 and 20 square meters quickly and evenly. The sleek white design integrates seamlessly into modern bathroom ceilings, offering a clean, professional aesthetic for residential or commercial installations.
