Overview

Designed for Independence and Mobility

The SCE-340 is a robust four-wheel electric scooter engineered to provide reliable mobility for adults with physical challenges. With a powerful 500W motor and a range exceeding 40km, this scooter offers the endurance needed for daily errands or outdoor excursions. It emphasizes user safety and stability through its sturdy frame, electromagnetic braking system, and anti-rollback features, making it an ideal choice for both indoor and outdoor navigation.
