

Freestanding Garment Steamer with Adjustable Pole

This is a freestanding garment steamer with a telescopic pole and integrated hanger. It uses a flexible hose connected to a steam nozzle for removing wrinkles.

Product Overview

Professional Garment Care

This freestanding garment steamer is designed for efficient, hands-free wrinkle removal on a variety of fabrics. Featuring a quick 45-second heat-up time and a continuous steam rate of up to 20g/min, it offers a reliable solution for garment maintenance. The unit includes a removable 1.5L water tank for continuous use and an adjustable telescopic pole for ergonomic operation.

Performance & Power

Power Specifications

1600 W
