

Freestanding Hot and Cold Water Dispenser

This freestanding water dispenser provides both hot and cold drinking water. It features a white exterior, dual dispensing buttons, and a removable drip tray, making it suitable for offices, homes, and commercial environments.

Overview

Professional Water Dispensing Solution

The 93-Series freestanding water dispenser is designed to provide reliable access to both hot and cold drinking water in professional environments. Its durable white exterior and compact footprint make it an ideal addition to offices, breakrooms, and commercial spaces. Featuring user-friendly dual dispensing buttons and an integrated control panel with clear indicator lights, this unit ensures efficient operation while maintaining a clean, professional aesthetic.
