

Freestanding Hot and Cold Water Dispenser

This freestanding water dispenser provides both hot and cold water. It features a top-mounted bottle design, dispensing buttons, a drip tray, and a safety lock on the hot water tap.

Product Overview

Professional Water Dispensing Solutions

This freestanding water dispenser series offers versatile hot and cold water options suitable for both office and residential environments. Available in two distinct cooling configurations—compressor or electronic—these units provide reliable performance with high heating capacities. The design features a user-friendly interface with options for storage cabinets or integrated refrigeration to maximize utility in compact spaces.

Performance Metrics

Heating Performance

90 °C

Heating Temperature

5 L/h

Heating Capacity

500 W

Heating Power

Cooling Performance

Model	Cooling Method	Temp (µ)	Capacity	Power
YLR2.0-5(BY93)	Compressor	10	2.0 L/h	85-100W
YLR1.0-5(BD93)	Electronic	15	1.0 L/h	65W

Physical Specifications

Dimensions

350 x 360 x 995 mm

Base Configuration Options

Without Cabinet, With Storage Cabinet, With Fridge

Logistics

Container Loading (20'GP / 40'HQ)

- Model YLR2.0-5(BY93): 192 CTNS / 396 CTNS
- Model YLR1.0-5(BD93): 192 CTNS / 466 CTNS
