

Freestanding Hot and Cold Water Dispenser with Digital Display

This freestanding water dispenser provides both hot and cold water. It features a digital display for temperature monitoring and dual spouts for dispensing different water temperatures.

Product Overview

Professional Water Dispensing Solution

The 106Z-2 Series freestanding water dispenser is designed to provide efficient, on-demand access to hot and cold water. Featuring an integrated digital display for precise temperature monitoring and control, this unit ensures optimal performance for office, commercial, or residential environments. Its dual-spout design allows for simultaneous dispensing, while the built-in cabinet offers convenient storage capabilities.
