Product Overview

Overview of the YLRS-VN310-3M series featuring three taps and optional refrigeration storage.

Modern Multi-Temperature Dispenser

This freestanding water dispenser is designed for both home and office environments, offering convenient access to hot, ambient, and cold water. It features a versatile design with options for either a storage cabinet or a built-in 12L refrigerator, maximizing utility in a compact footprint. With advanced features like smart indicator lights, child safety locks, and an optional UV sterilization system, it provides a hygienic and user-friendly hydration solution.
