

Freestanding Wine Refrigerator with Dual-Zone Temperature Control

This freestanding wine refrigerator offers precise temperature management for wine collections. It features dual-zone temperature control, accommodating 83 bottles (double-temperature) or 78 bottles (single-temperature) within its 220L capacity.

Overview

Professional Wine Preservation

This freestanding wine refrigerator features a professional-grade seamless stainless steel frame and elegant design suitable for high-end environments. It offers versatile storage options with dual-zone or single-zone temperature control to perfectly preserve different wine varietals. Equipped with an internationally renowned compressor and patented anti-condensation technology, it ensures reliable performance and silent operation.
