Overview

Front load washing machine
063 Series

Feature:
BLDC smart inverter motor
Touch LED display
Memory of power
Key thermal sterilization
Overheating control
Smart unbalance protection
Add garment
Blue light sterilization
Honeycomb crystal drum
Child lock

Specification:
Max spin speed(rpm):1000/1200/1400
Number of knob programs: 12
Display type: touch LED display
Size: 595*570*850
Capacity: 6kg/7kg/8kg/9/10
Loading(40HQ): 244/223/214/171/153

A detailed look at the core technologies and technical specifications, including the BLDC motor and sterilization features.

High-Efficiency Front-Loading Laundry Solution

This advanced front-loading washing machine is engineered for modern laundry needs, featuring a high-efficiency BLDC smart inverter motor for quiet and reliable operation. It incorporates specialized care technologies, including thermal and blue light sterilization, alongside a honeycomb crystal drum design to protect delicate fabrics. Designed with user convenience in mind, the unit offers flexible capacity options and smart features like mid-cycle garment addition and power-loss memory.
