

Front-Loading Washing Machine with Electronic Controls

This front-loading washing machine is designed for household use. It features multiple wash cycles, a stainless steel drum, and electronic controls for precise operation.

Product Overview

Efficiency Meets Precision

This front-loading washing machine is engineered for high-performance cleaning with advanced electronic controls. Featuring a durable stainless steel drum, it offers customizable wash cycles to suit diverse laundry needs. Its energy-efficient architecture, combined with adjustable spin speeds and temperature settings, ensures optimal garment care while minimizing power consumption.

Technical Specifications

Model Number	XG62-6001ALS
Loading Type	Front-loading
Drum Material	Stainless steel

Features

Adjustable Settings

- Multiple wash cycles
- Adjustable spin speeds
- Variable temperature settings

Control System	Electronic controls
