

# Front-Loading Washing Machine with Multiple Wash Programs

This front-loading washing machine offers multiple wash programs and settings to accommodate different fabric types and cleaning needs. The machine features a BLDC smart inverter motor, touch LED display, and options for thermal and blue light sterilization.

## ADDITIONAL IMAGES

## Overview

### Advanced Laundry Performance

This front-loading washing machine is engineered for high-efficiency laundry care, featuring a durable honeycomb crystal drum and a BLDC smart inverter motor for quiet, reliable operation. It offers advanced hygiene solutions, including key thermal sterilization and blue light sterilization, ensuring deep cleaning for every load. Designed with the user in mind, it includes smart safety features like overheating control and unbalance protection, alongside convenient functions such as mid-cycle garment addition and power memory.

Detailed overview of key features, including BLDC motor, sterilization technologies, and technical specifications.

### Available Capacities

6kg • 7kg • 8kg • 9kg • 10kg

### Max Spin Speed

1000 rpm, 1200 rpm, 1400 rpm

### Number of Programs

16 programs

### Dimensions (W x D x H)

595 x 570 x 850 mm

## Features & Safety

### Key Features

- BLDC smart inverter motor
- Honeycomb crystal drum
- Touch LED display
- Add garment function
- Memory of power

### Hygiene & Safety

- Key thermal sterilization
- Blue light sterilization
- Overheating control
- Smart unbalance protection
- Child lock

## Logistics

### 40HQ Loading Capacity

Capacity	Units per 40HQ
6kg	244
7kg	223
8kg	214
9kg	171
10kg	153
