

Frosted Glass Sphere Table Lamp

This table lamp features a spherical frosted glass shade. It is supported by a slender, curved metal stand with a circular base, providing a soft, ambient light.

Product Overview

Sophisticated Ambient Lighting

This elegant table lamp features a spherical frosted glass shade that creates a soft, diffused glow, perfect for bedside tables, desks, or living room accents. Constructed with a slender, curved metal stand in a painted gold finish, it offers a refined aesthetic that complements modern interiors. The design includes a durable black PVC cable and is compatible with standard E14 bulbs, providing a versatile lighting solution for various residential and commercial spaces.
